

Eugene Vision Care

Our 30+ year established practice is looking for a dedicated Optometrist with strong diagnostic skills and a passion for delivering a great patient experience. Our Optometrists are comprehensive primary eye care specialists. They see patients with a wide variety of pathology and refractive needs and often catch systemic issues.

Our goal is to create a team of Doctors who can do their best work, be fulfilled, and know they are contributing to work that really matters; helping people experience life more clearly. We remove the complexities of practice management with a support team of trained optical professionals including, optometric technicians, opticians, contact lens technicians, receptionists and management staff.

What you'll love about us:

Work that stays at work: no practice management responsibilities to take home.

Work schedule: 9am-5pm, 5 days per week. Option to work four 10 hour days also available.

Financial Benefits: competitive salary with benefit package, bonus potential.

JOB DESCRIPTION

We empower you to provide comprehensive eye exams that meet or exceed the standards set forth by the American Optometric Association and the state of Oregon.

Our Optometrists manage a variety of anterior and posterior ocular disease to their comfort level.

Our office is equipped with technology from best-in-class vendors like Topcon, Zeiss, Optos and OptoVue. You utilize this top notch equipment without the worries of cost or maintenance.

QUALIFICATIONS

Doctor of Optometry Degree (O.D.)

State Licensed in Oregon or will be licensed to practice Optometry (New Graduates welcome).
